

“Never Compromise  
In Quality”

**PREMIUM QUALITY  
PP WOVEN FABRICS**

## About Us :

Krishiv Polypack, established in 2019 in the heart of Morbi, Gujarat, is a leading ISO 9001:2015 certified manufacturer and exporter of high-quality PP/HDPE woven sacks, fabrics, and bags. Our commitment to providing reliable packaging solutions is reflected in our diverse range of products, including PP woven bags, PP woven fabric, PP woven sacks, cement bags, PP rice bags, and various types of packing bags.

Leveraging a state-of-the-art, fully automated facility equipped with LOHIA CORP LTD machines, we ensure optimal performance and productivity. Our team of skilled professionals combines technical expertise with extensive industry experience, and undergoes continuous training to stay at the forefront of technological advancements.

Quality assurance is paramount at Krishiv Polypack. Our in-house laboratory, equipped with the latest testing equipment, allows us to meticulously test our HDPE bags and sacks, guaranteeing products that meet stringent international standards.

## OUR VISION

---

To be the preferred global partner for innovative and sustainable woven packaging solutions, exceeding customer expectations through superior quality, reliability, and service.

## OUR MISSION

---

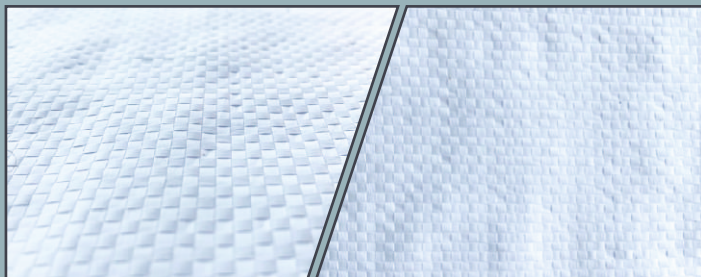

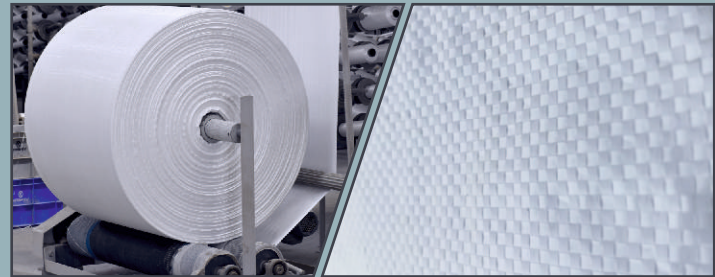

We strive to continuously improve our manufacturing processes, embrace cutting-edge technologies, and cultivate a culture of excellence. We are dedicated to delivering sustainable packaging solutions that minimize environmental impact, while maximizing customer satisfaction.

## PREMIUM QUALITY PP WOVEN FABRICS

### Perfect for **BOPP**

Our PP woven fabric is the ideal substrate for BOPP lamination, offering a robust and versatile base material for various packaging applications. The fabric's dimensional stability and tear resistance ensure that your BOPP-laminated products maintain their integrity throughout their lifecycle. With exceptional printability, our fabric allows for vibrant and eye-catching designs, enhancing your brand visibility and product appeal.

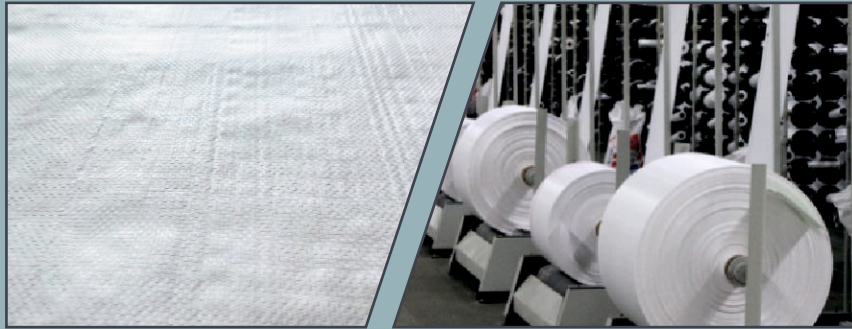

### Perfect **WEAVED**

Krishiv Polypack's PP woven fabric is engineered for optimal performance in woven applications. The fabric's high tensile strength and puncture resistance make it suitable for heavy-duty sacks and bags. Its consistent quality and uniform weave ensure smooth and efficient processing on your production lines. Choose our woven fabric for reliable and durable packaging solutions that protect your valuable goods.
